

# RAPTOR-GAMING M3x

## Product

The brand new RAPTOR-GAMING M3x keeps up with the tradition of RAPTOR-GAMING products to be highly adjustable to the personal needs of the Gamer.

The resolution of the high-end laser gaming mouse can be adjusted in steps of 400-800-1200-1600-2000-2400-3600-4800 dpi. The RAPTOR-STEEL-WEIGHTS allows the Gamer to adjust the weight of the RAPTOR-GAMING M3x in 5 steps.

The innovative ergonomic right-hand design and the special soft-touch surface secures that Gamers hands will never slip off the mouse again. The elegant silk-black and silver mouse also includes additional sets of mouse gliders and a flexible cable with a length of ca. 2m.

To complete the extensive feature set of this Hardcore-Gamers weapon, two additional neoprene-bags are included in the delivery content. One bag is specially designed for the secured transportation of the Mouse (RAPTOR-MOUSEBAG XL) to LAN-Parties. The second, smaller bag, is designed for the secured transportation of the different weights (RAPTOR-WEIGHTBAG).
